SECTION 1: Identification

1.1. Identification
Product name : NON-CHLORINATED BRAKE & PARTS CLEANER
Product code : 7345

1.2. Relevant identified uses of the substance or mixture and uses advised against
Recommended use : Brake Cleaner

1.3. Details of the supplier of the safety data sheet
The Penray Companies, Inc.
440 Denniston Ct.
Wheeling, IL 60090
T (800) 373-6729
Manufactured For:
Aftermarket Auto Parts Alliance
San Antonio, TX 78258
210-492-4868
www.alliance1.com

1.4. Emergency telephone number
Emergency number : (800) 373-6729
CHEMTREC (800) 424-9300
CHEMTREC International +1 (703) 527-3887 24 hr

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture
GHS-US classification
Flam. Liquid 1
Skin Irrit. 2
Repr. 2
STOT SE 3
STOT RE 2
Asp. Tox. 1

2.2. Label elements
GHS-US labeling
Hazard pictograms (GHS-US) :

Signal word (GHS-US) : Danger
Hazard statements (GHS-US) :
- Extremely flammable Liquid
- Causes skin irritation
- Suspected of damaging fertility or the unborn child
- May cause drowsiness or dizziness
- May cause damage to organs through prolonged or repeated exposure
- May be fatal if swallowed and enters airways

Precautionary statements (GHS-US) :
- Obtain special instructions before use
- Do not handle until all safety precautions have been read and understood
- Keep away from heat, sparks, open flames, hot surfaces. - No smoking
Do not spray on an open flame or other ignition source
Pressurized container: Do not pierce or burn, even after use
Wear protective gloves, protective clothing, eye protection, face protection
Do not breathe dust, fume, gas, mist, vapors, spray
Use only outdoors or in a well-ventilated area
If exposed or concerned: Get medical advice/attention
If on skin: Wash with plenty of water
Take off contaminated clothing and wash it before reuse
If skin irritation occurs: Get medical advice/attention
If inhaled: Remove person to fresh air and keep comfortable for breathing
Call a POISON CENTER/doctor if you feel unwell
If swallowed: Immediately call a POISON CENTER/doctor
Do NOT induce vomiting
Store in a well-ventilated place.
Store locked up
Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation

2.3. Other hazards
No additional information available

2.4. Unknown acute toxicity (GHS US)
Not applicable

SECTION 3: Composition/Information on ingredients

3.1. Substance
Not applicable

3.2. Mixtures

</tbody>
</table>

*Chemical name, CAS number and/or exact concentration have been withheld as a trade secret

Note C: Some organic substances may be marketed either in a specific isomeric form or as a mixture of several isomers. In this case the supplier must state on the label whether the substance is a specific isomer or a mixture of isomers

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures after inhalation: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

First-aid measures after skin contact: In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Call a physician if irritation develops and persists.

First-aid measures after eye contact: In case of contact, immediately flush eyes with plenty of water. Remove contact lenses, if worn. If irritation persists, get medical attention.

First-aid measures after ingestion: Do NOT induce vomiting. Immediately call a poison center or doctor/physician.

4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries after inhalation: May cause drowsiness or dizziness.

Symptoms/injuries after skin contact: Causes skin irritation. Symptoms may include redness, edema, drying, defatting and cracking of the skin.

Symptoms/injuries after eye contact: May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.

Symptoms/injuries after ingestion: May be fatal if swallowed and enters airways. This product may be aspirated into the lungs and cause chemical pneumonitis.

4.3. Indication of any immediate medical attention and special treatment needed

Symptoms may not appear immediately. In case of accident or if you feel unwell, seek medical advice immediately (show the label or SDS where possible).

SECTION 5: Firefighting measures

5.1. Extinguishing media

5.2. Special hazards arising from the substance or mixture
Fire hazard: Extremely flammable aerosol. Products of combustion may include, and are not limited to: oxides of carbon.
Explosion hazard: Heat may build pressure, rupturing closed containers, spreading fire and increasing risk of burns and injuries.
Reactivity: No dangerous reaction known under conditions of normal use.

5.3. Advice for firefighters
Firefighting instructions: DO NOT fight fire when fire reaches explosives. Evacuate area.
Protection during firefighting: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA). Use water spray to keep fire-exposed containers cool.

SECTION 6: Accidental release measures
6.1. Personal precautions, protective equipment and emergency procedures
General measures: Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel. Isolate from fire, if possible, without unnecessary risk. Remove ignition sources. Use special care to avoid static electric charges.

6.1.1. For non-emergency personnel
No additional information available

6.1.2. For emergency responders
No additional information available

6.2. Environmental precautions
No additional information available

6.3. Methods and material for containment and cleaning up
For containment: Eliminate all ignition sources if safe to do so. Contain and/or absorb spill with inert material (e.g. sand, vermiculite), then place in a suitable container. Do not flush to sewer or allow to enter waterways. Use appropriate Personal Protective Equipment (PPE).
Methods for cleaning up: Scoop up material and place in a disposal container. Use only non-sparking tools. Provide ventilation.

6.4. Reference to other sections
See section 8 for further information on protective clothing and equipment and section 13 for advice on waste disposal.

SECTION 7: Handling and storage
7.1. Precautions for safe handling
Additional hazards when processed: Hazardous waste due to potential risk of explosion. Pressurized container: Do not pierce or burn, even after use. Keep away from sources of ignition - No smoking.
Precautions for safe handling: Do not spray on an open flame or other ignition source. Avoid contact with skin and eyes. Do not breathe dust, fume, gas, mist, vapors, spray. Do not swallow. Handle and open container with care. When using do not eat, drink or smoke. Use personal protective equipment as required. Use only outdoors or in a well-ventilated area.
Hygiene measures: Launder contaminated clothing before reuse. Wash hands before eating, drinking, or smoking.

7.2. Conditions for safe storage, including any incompatibilities
Technical measures: Proper grounding procedures to avoid static electricity should be followed.
Storage conditions: Keep locked up and out of reach of children. Do not expose to temperatures exceeding 50 °C/122 °F. Store away from direct sunlight or other heat sources. Store in a well-ventilated place. Keep in fireproof place.
Incompatible materials: Heat sources. Direct sunlight.

SECTION 8: Exposure controls/personal protection
8.1. Control parameters

8.2. Exposure controls

**Appropriate engineering controls**: Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc.) below recommended exposure limits.

**Hand protection**: Wear chemically resistant protective gloves.

**Eye protection**: Safety glasses or goggles are recommended when using product.

**Skin and body protection**: Wear suitable protective clothing.

**Respiratory protection**: In case of insufficient ventilation, wear suitable respiratory equipment. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

**Environmental exposure controls**: Maintain levels below Community environmental protection thresholds.

**Other information**: Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

**Physical state**: Liquid

**Appearance**: Aerosol

**Color**: Clear

**Odor**: Solvent

**Odor threshold**: No data available

**pH**: No data available

**Melting point**: No data available

**Freezing point**: No data available

**Boiling point**: No data available

**Flash point**: No data available

**Relative evaporation rate (butyl acetate=1)**: No data available

**Flammability (solid, gas)**: Flammable

**Vapor pressure**: No data available

**Relative vapor density at 20 °C**: No data available

**Relative density**: No data available

**Solubility**: No data available

**Partition coefficient n-octanol/water**: No data available

**Auto-ignition temperature**: No data available

**Decomposition temperature**: No data available

**Viscosity, kinematic**: No data available

**Viscosity, dynamic**: No data available

** Explosion limits**: No data available

**Explosive properties**: Pressurized container: may burst if heated.

**Oxidizing properties**: No data available

9.2. Other information

**VOC content**: 100 %
SECTION 10: Stability and reactivity

10.1. Reactivity
No dangerous reaction known under conditions of normal use.

10.2. Chemical stability
Extremely flammable aerosol. Contents under pressure. Container may explode if heated. Do not puncture. Do not burn. Extreme risk of explosion by shock, friction, fire or other sources of ignition.

10.3. Possibility of hazardous reactions
No dangerous reaction known under conditions of normal use.

10.4. Conditions to avoid

10.5. Incompatible materials
Strong oxidizing agents. Strong reducing agents.

10.6. Hazardous decomposition products
May include, and are not limited to: oxides of carbon.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

<table>
<thead>
<tr>
<th>Acute toxicity</th>
<th>Not classified</th>
</tr>
</thead>

| 7345                        |              |
| LD50 oral rat | > 2000 mg/kg (Calculated acute toxicity estimate) |
| LD50 dermal rabbit | > 2000 mg/kg (Calculated acute toxicity estimate) |
| LC50 inhalation rat | > 5 mg/l/4h (Calculated acute toxicity estimate) |

Toluene (108-88-3)

| LD50 oral rat | 2600 mg/kg |
| LD50 dermal rabbit | 12000 mg/kg |
| LC50 inhalation rat | 12.5 mg/l/4h |

n-Heptane (142-82-5)

| LD50 dermal rabbit | 3000 mg/kg |
| LC50 inhalation rat | 103 g/m³/4h |

Skin corrosion/irritation: Causes skin irritation.
Serious eye damage/irritation: Not classified
Respiratory or skin sensitization: Not classified
Germ cell mutagenicity: Not classified
Carcinogenicity: Not classified

Toluene (108-88-3)

IARC group: 3 - Not classifiable

Reproductive toxicity: Suspected of damaging fertility or the unborn child.
Specific target organ toxicity – single exposure: May cause drowsiness or dizziness.
Specific target organ toxicity – repeated exposure: May cause damage to organs through prolonged or repeated exposure.
Aspiration hazard: May be fatal if swallowed and enters airways.
Symptoms/injuries after inhalation: May cause drowsiness or dizziness.
Symptoms/injuries after skin contact: Causes skin irritation. Symptoms may include redness, edema, drying, defatting and cracking of the skin.
Symptoms/injuries after eye contact: May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.
Symptoms/injuries after ingestion: May be fatal if swallowed and enters airways. This product may be aspirated into the lungs and cause chemical pneumonitis.
Other information: Likely routes of exposure: ingestion, inhalation, skin and eye.
SECTION 12: Ecological information

12.1. Toxicity

Ecology - general: May cause long-term adverse effects in the aquatic environment.

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

Effect on the global warming: No known effects from this product.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste disposal recommendations: Pressurized container: Do not pierce or burn, even after use. This material must be disposed of in accordance with all local, state, provincial, and federal regulations. The generation of waste should be avoided or minimized wherever possible.

Additional information: Flammable vapors may accumulate in the container.

SECTION 14: Transport information

Department of Transportation (DOT)

Proper Shipping Name: Flammable liquids, n.o.s. (Heptane, Toluene)

Department of Transportation Hazard Classes: 3

Hazard labels: 

Packing group (DOT): II

SECTION 15: Regulatory information

15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory
