SAFETY DATA SHEET

PRODUCT: AV 7652 ROCKER PANEL PROTECTOR BLACK

SECTION 01: Chemical product and company identification

Manufactured for: Aftermarket Auto Parts Alliance, Inc
2706 Treble Creek, Suite 100
San Antonio, TX 78258

Product name: AV 7652 ROCKER PANEL PROTECTOR BLACK

Recommended use and restrictions on use:
- Paints.

Chemical family: Mixture.

NFPA rating:
- Health: 2
- Fire: 3
- Reactivity: 0

HMIS:
- H: 2
- F: 3
- R: 0

24 hour emergency number:
IN CANADA CALL CANUTEC 1-888-226-8832 (CAN-UTEC) - IN THE UNITED STATES CALL CHEMTREC 1-800-424-9300.

SECTION 02: Hazards identification

Signal Word: DANGER.

Hazard Classification:
- Flammable Liquid 2
- Aspiration Toxicity 1
- Eye Irritant 2
- STOT SE 3
- Carcinogen 1A
- Reproductive 2
- STOT RE 2

Hazard Description:
- H225 Highly flammable liquid and vapour. H304 May be fatal if swallowed and enters airways. H315 Causes skin irritation. H336 May cause drowsiness or dizziness. H350 This product contains ingredients that may cause cancer. H361 This product contains ingredients that are suspected of damaging fertility or the unborn child. H373 May cause damage to liver and blood through prolonged or repeated contact.

Prevention:
- P210 Keep away from heat, sparks, open flames and hot surfaces. No smoking.
- P233 Keep container tightly closed.
- P240 Ground and bond container and receiving equipment.
- P241 Use explosion proof equipment.
- P242 Use only non-sparking tools.
- P243 Take precautionary measures against static discharge.
- P280 Wear protective gloves and eye protection.
- P264 Wash hands thoroughly after handling.
- P261 Avoid breathing dust.
- P260 Do not breathe mist, vapours, or spray.

Response:
- P303 + P361 + P353 If on skin or in hair: take off all contaminated clothing immediately. Rinse thoroughly with water and use safety shower.
- P301 + P370 + P378 In case of fire: use dry chemical powder, CO2 or foam to extinguish. P301 + P310 If swallowed IMMEDIATELY CALL A POISON CONTROL CENTRE and follow instructions provided by the centre. P331 Do not induce vomiting. P302 + P335 - If on skin: wash with plenty of water.
- P321 - For specific treatment see section 4 on this SDS.
- P332 + P313 - If skin irritation occurs get medical attention or advice.
- P362 + P364 - Take off contaminated clothing and wash before reuse.
- P340 + P340 - If inhaled remove person to fresh air and keep comfortable for breathing. P312 Call a POISON CENTER/doctor if you feel unwell. P308 + P313 If exposed or concerned, get medical advice/attention.

Storage:
- P403 + P235 Store in well ventilated area.

Disposal:
- P501 Dispose all unused, waste or empty containers in accordance with local regulations.

PRODUCT: AV 7652 ROCKER PANEL PROTECTOR BLACK

SECTION 03: Composition/Information on Ingredients

Carbon Black 1333-86-4 0.1-1

SECTION 04: First aid measures

Eye contact.................................................... In case of contact, immediately flush eyes, keeping eyelids open, with plenty of water for at least 15 minutes. Obtain medical attention.
Skin contact.................................................. Remove all contaminated clothing and immediately wash the exposed areas with copious amounts of water for a minimum of 30 minutes or up to 60 minutes for critical body areas. If irritation persists, seek medical attention.
Inhalation..................................................... If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen, obtain medical attention.
Ingestion...................................................... If spontaneous vomiting occurs have victim lean forward with head down to prevent aspiration of fluid into the lungs. Never give anything by mouth to an unconscious person.
Additional information.................................... Treat victims symptomatically. In the event of an incident involving this product ensure that medical authorities are provided a copy of this safety data sheet.

SECTION 05: Fire fighting measures

Suitable and unsuitable extinguishing media "Alcohol" foam, CO2, dry chemical. During a fire, isocyanate vapors and other irritating, highly toxic gases may be generated by thermal decomposition or combustion. Use cold water spray to cool exposed containers to minimize risk of rupture.
Hazardous combustion products........................ Oxides of carbon (CO, CO2). Oxides of nitrogen.
Special fire fighting procedures........................... Firefighter should be equipped with self-contained breathing apparatus and full protective clothing to protect against potentially toxic and irritating fumes. Solvent vapours may be heavier than air and may build up and travel along the ground to an ignition source, which may result in a flash back to the source of the vapours. Cool fire-exposed containers with cold water spray. Heat will cause pressure buildup and may cause explosive rupture.

SECTION 06: Accidental release measures

Leak/spill...................................................... Ventilate. Eliminate all sources of ignition. Contain the spill. Avoid all personal contact. Spilled material and water rinses are classified as chemical waste, and must be disposed of in accordance with current local, provincial, state, and federal regulations. Evacuate all non-essential personnel. Prevent runoff into drains, sewers, and other waterways. Absorb with earth, sand, or another dry inert material. Shovel into suitable unsealed containers, transport to well-ventilated area (outside) and treat with neutralizing solution: mixture of water (80%) with non-ionic surfactant Tergitol TMN-10 (20%); or water (90%), concentrated ammonia (3-8%) and detergent (2%).

SECTION 07: Handling and storage

Handling procedures........................................ Avoid all skin contact and ventilate adequately, otherwise wear an appropriate breathing apparatus. Always adopt precautionary measures against build-up of static which may arise from appliances, handling and the containers in which product is packed. Avoid breathing vapours or mist. Ground handling equipment. Handle and open container with care. Employees should wash hands and face before eating or drinking. Keep away from heat, sparks, and open flame.
Storage needs............................................... Keep away from heat, sparks, and open flames. Keep container closed when not in use. Store away from oxidizing and reducing materials. Store away from sunlight.

SECTION 08: Exposure controls / personal protection

Gloves/ type .................................................. Chemical resistant gloves.
Clothing/type ................................................戴足足够保护的衣物。
Footwear/type ................................................. 安全靴，以符合当地规定。
Respiratory/type ............................................ 使用适当，符合规定之呼吸防护器。
Other/type ...................................................... 紧急淋浴及洗眼器应可使用。
Appropriate engineering controls ................. 提供自然或机械通风以控制暴露于空气中的浓度。

SECTION 09: Physical and chemical properties

Physical state ................................................... 液体。
Colour ........................................................... 黑色。
Odour ............................................................ 芳香气味。
Odour threshold (ppm) ........................................ 未有数据。
Vapour pressure (mm Hg) ............................... 未有数据。
Vapour density (air=1) ........................................ >1。
pH ................................................................. 未有数据。
Relative Density (Specific Gravity) .................. 8.26 lb/USG - 0.99 g/mL。
Melting / Freezing point (deg C)........................... 未有数据。
Solubility ........................................................ 视乎水。
Initial boiling point / boiling range (deg C) ...... 97°C。
Evaporation rate ................................................ 未有数据。
Flash point (deg C), method .............................. 4°C Closed Cup. (estimated)。
Auto ignition temperature (deg C) .................... > 232。
Upper flammable limit (% vol) ......................... 6.9。
Lower flammable limit (% vol) ........................... 0.5。
Coefficient of water/oil distribution .................. 未有数据。
VOC .............................................................. 2.06 lb/USG - 246.84 g/L。
Viscosity ....................................................... 3400 cPs spindle #5。

SECTION 10: Stability and reactivity

Chemical stability ........................................... 在正常温度和压力下稳定。
Reactivity ...................................................... 避免热源、火源和火焰。在强氧化剂的存在下，可能发生爆炸。
Conditions to avoid ........................................... 保持远离热源。不兼容于强氧化剂。
Hazardous decomposition products ............... 由火：有黑烟。氮氧化物。碳氧化物 (CO, CO2)。
Possibility of hazardous reactions ................. 危害的聚合不会发生。

SECTION 11: Toxicological information

INGREDIENTS | LC50 | LD50
--- | --- | ---
tert-Butyl acetate | >2,230 mg/m3 4 hours rat | 4,100 mg/kg rat oral >2,000 mg/kg rabbit dermal
Toluene | 8000 ppm rat inhalation 400 ppm mouse inhalation 24hr | 5,000 mg/kg rat oral; 12,124 mg/kg rabbit dermal
Hydrocarbon Resin | No Data | No Data
Solvent Naphtha, Heavy Aliphatic | >6 mg/L 4 hours rat | >2,000 mg/kg oral rat >2,000 mg/kg dermal rabbit
Crystalline Silica | Not available | >22,500 mg/kg oral rat
Carbon Black | Not available | >10,000 mg/kg oral rat 3,000 mg/kg dermal rabbit

Route of entry ............................................... 眼部接触。皮肤接触。吸入。
Effects of acute exposure ............................. 会导致皮肤刺激。接触眼睛可能导致刺激。芳香的烃类溶剂在本产品中可能引起刺激到眼睛、鼻子和喉咙。在高浓度下，它们可能引起中枢神经系统麻醉由呕吐、眩晕和恶心。暴露于溶剂的蒸汽或雾气可能引起疲劳。吸入气溶胶或材料可以导致化学性肺炎，可能导致死亡。
PRODUCT: AV 7652 ROCKER PANEL PROTECTOR BLACK

SECTION 11: Toxicological information

Effects of chronic exposure........................... Breathing high concentrations of vapour may cause anesthetic effects and serious health effects. Intentional misuse by deliberately concentrating and inhaling this product may be harmful or fatal.

Carcinogenicity of material............................ Quartz (Crystalline Silica) is listed by IARC in Group 1 as a carcinogen... IARC has classified Carbon Black as "Group 2B", possibly carcinogenic to humans, based on laboratory animal inhalation studies.

Reproductive effects................................. Toluene is known by the State of California to cause adverse fetal developmental effects.

SECTION 12: Ecological information

Environmental......................................... Do not allow to enter waters, waste water or soil.

SECTION 13: Disposal considerations

Waste disposal......................................... Empty containers must be handled with care due to product residue. This material and its container must be disposed of as hazardous waste. Avoid release to the environment.

SECTION 14: Transport information

TDG Classification.................................... UN1139 - COATING SOLUTION - Class 3 - Packing Group II - This product meets the limited quantity exemption when packaged in containers less than 5 Litres.

DOT Classification (Road)............................ UN1139 - COATINGS SOLUTION - Class 3 - Packing Group II .

IATA Classification (Air)............................. UN1139 - COATING SOLUTION - Class 3 - Packing Group II .

IMDG Classification (Marine)......................... UN1139 - COATING SOLUTION - Class 3 - Packing Group II .

Marine Pollutant...................................... Potential marine pollutant.

Proof of Classification................................ In accordance with Part 2.2.1 of the Transportation of Dangerous Goods Regulations (July 2, 2014) - we certify that classification of this product is correct.

SECTION 15: Regulatory information

CEPA status............................................ On Domestic Substances List (DSL).

TSCA inventory status............................... All components are listed.

OSHA.................................................... This product is considered hazardous under the OSHA Hazard Communication Standard.

SARA Title III Section 302 - extremely hazardous substances None.

Section 311/312 - hazard categories.............. Immediate health, delayed health, fire hazard.

Section 313.......................................... Toluene.

EPA hazardous air pollutants (HAPS).............. Toluene.

40CFR63 California Proposition 65... *WARNING: This product contains a chemical known to the State of California to cause cancer. (Carbon black). (Crystalline silica). *WARNING: This product contains a chemical known to the State of California to cause birth defects or other reproductive harm. (Toluene).

SECTION 16: Other information

Telephone number: ................................... (800) 387-7981

Disclaimer: ........................................... DISCLAIMER: All information appearing herein is based upon data obtained from experience and recognized technical sources. To the best of our knowledge, it is believed to be correct as of the date of issue but we make no representations as to its accuracy or sufficiency and do not suggest or guarantee that any hazards listed herein are the only ones which exist. The hazard information contained herein is offered solely for the consideration of the user, subject to his own investigation and verification of compliance with applicable regulations, including the safe use of the product under every foreseeable condition. The information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.

Preparation date: .................................... SEP 27/2016
