I. PRODUCT AND COMPANY IDENTIFICATION

Product Name: PARTS MASTER FS ATF 6/1Q
Product Code: PMI6LV6
Emergency Phone: CHEMTREC: +1 (800) 424-9300
                 International: +01 (703) 527-3887
Poison Control Center:
Company: Warren Distribution, Inc.
         727 S. 13th Street
         Omaha, NE 68102
Information Phone: +01 (800) 825-1235          +01 (402) 341-9397
E-mail: sds@wd-wpp.com

II. HAZARDS IDENTIFICATION

Routes of Entry: Skin contact, Eye contact, Ingestion, Inhalation

Target Organs: No organs known to be damaged from exposure to this product.

Chemical Interactions: No chemical interaction known to affect toxicity.

Conditions Aggravated by Exposure: No medical conditions affected by exposure.

Acute Health Effects:
Inhalation Irritation: Breathing oil mist in concentrations that exceed the TLV and PEL may result in respiratory discomfort and irritation.

Skin Contact: Can cause minor skin irritation, defatting, and dermatitis.

Skin Absorption: No absorption hazard in normal industrial use.

Eye Contact: Can cause moderate irritation, tearing and reddening, but not likely to permanently injure eye tissue.

Ingestion Irritation: No hazard in normal industrial use.

Chronic Health Effects:
Carcinogenicity: Not expected to cause cancer. This product meets the IP-346 criteria of <3% PAH's and is not considered a carcinogen by the International Agency for Research on Cancer.

Reproductive Toxicity: No data available to indicate product or any components present at greater than 0.1% may cause birth defects.

Mutagenicity: No data available to indicate product or any components present at greater than 0.1% is mutagenic or genotoxic.

HMIS Ratings:
Health: 1
Fire: 1
Reactivity: 0
PPE: B

NFPA Ratings:
Health: 1
Fire: 1
Reactivity: 0

KEY: 0 - Least 1 - Slight 2 - Moderate 3 - High 4 – Extreme

Components not listed are not physical or health hazards as defined in 29 CFR 1910.1200 (Hazard Communication Standard).
IV. FIRST-AID MEASURES

Inhalation: Remove to fresh air. If breathing is difficult, have a trained individual administer oxygen.

Eyes: Flush eyes with plenty of water for at least 20 minutes retracting eyelids often. Tilt the head to prevent chemical from transferring to the uncontaminated eye. Get immediate medical attention.

Skin Contact: Wash with soap and water. Get medical attention if irritation develops or persists.

Ingestion: No hazard in normal industrial use. Do not induce vomiting. Seek medical attention if symptoms develop. Provide medical care provider with this SDS.

Notes to Doctor: No additional first aid information available.

V. FIRE FIGHTING MEASURES

Flammability Summary: Combustible at elevated temperatures

Extinguishing Media: Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do not direct a stream of water into the hot burning liquid.

Fire and/or Explosion Hazards: Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire.

Fire Fighting Methods and Protection: Do not enter fire area without proper protection including self-contained breathing apparatus and full protective equipment. Use methods for the surrounding fire.

Hazardous Combustion Products: Carbon dioxide, Carbon monoxide

VI. ACCIDENTAL RELEASE MEASURES

Personal Precautions and Equipment: No health affects expected from the clean up of this material if contact can be avoided. Follow personal protective equipment recommendations found in Section 8 of this SDS.

Methods for Clean-up: Prevent the spread of any spill to minimize harm to human health and the environment if safe to do so. Wear complete and proper personal protective equipment following the recommendation of Section 8 at a minimum. Dike with suitable absorbent material like granulated clay. Dispose of according to Federal, State, Local, or Provincial regulations. Used fluid should be disposed of at a recycling center. Do not flush to sewer.

VII. HANDLING AND STORAGE

Handling Precautions: Mildly irritating material. Avoid unnecessary exposure.

Storage Conditions: Store in a cool dry place. Isolate from incompatible materials.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls: Use local exhaust ventilation or other engineering controls to minimize exposures and maintain operator comfort.

Respiratory Protection: Respiratory protection may be required to avoid overexposure when handling this product. General or local exhaust ventilation is the preferred means of protection. Use a respirator if general room ventilation is not available or sufficient to eliminate symptoms.

Respirator Type(s): None required where adequate ventilation is provided. If airborne concentrations are above the applicable exposure limits, use NIOSH/MSHA approved respiratory protection.

Eye Protection: Wear chemically resistant safety glasses with side shields when handling this product. Do not wear contact lenses.

Skin Protection: Where use can result in skin contact, practice good personal hygiene and wear impervious gloves. Wash hands and other exposed areas with mild soap and water before eating, drinking, and when leaving work.

Gloves: Nitrile

X. PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid
Color: Red
Odor: Mild
pH: Not determined
Viscosity (cSt at 40°C): 28.56
Solubility in Water: Insoluble
Octanol/Water Partition Coefficient: Not determined
Evaporation Rate: Not determined
Vapor Density: Not determined
Vapor Pressure: <0.20
Boiling Point (°C): Not determined
Freezing Point (°C): Not determined
Specific Gravity: 0.85
Density: 7.07
Flash Point (°C): 193
Flash Point Method: COC
Upper Flammability Limit, % in air: Not established
Lower Flammability Limit, % in air: Not established

X. STABILITY AND REACTIVITY

Stability: Stable under normal conditions.
Conditions to Avoid: Temperatures above the high flash point of this combustible material in combination with sparks, open flames, or other sources of ignition.
Materials to Avoid: Strong oxidizing agents
Hazardous Decomp. Products: Carbon dioxide, Carbon monoxide
Polymerization: Hazardous polymerization will not occur.

XI. TOXICOLOGICAL INFORMATION

Acute Toxicity:
Ingestion: No hazard in normal industrial use.
Inhalation: No hazard in normal industrial use.
Absorption: No absorption hazard in normal industrial use.
Eyes: The material is likely to be moderately irritating to eyes based on animal data.
Skin: This material is likely to be moderately irritating to skin based on animal data (Primary Irritation Index is 0.5 - 3.0 [rabbits]).
Sensitization: No data available to indicate product or components may be a skin sensitizer.

Component Toxicology Data:
Chemical Name | CAS # | LD\textsubscript{50}/LC\textsubscript{50}  
Lubricating oils, petroleum, C20-50, hydrotreated neutral oil-based | 72623-87-1 | Inhalation LC\textsubscript{50} Rat 2.18 mg/L 4 h (Source: IUCLID); Oral LD\textsubscript{50} Rat >5000 mg/kg (Source: IUCLID); Dermal LD\textsubscript{50} Rabbit >2000 mg/kg (Source: IUCLID)

XII. ECOLOGICAL INFORMATION

**Mobility:** This material is expected to have essentially no mobility in soil. It absorbs strongly to most soil types. \{EMSFORM\_12MOBA\}

**Bioconcentration:** Bioconcentration is not expected to occur.

**Degradability:** Does not biodegrade readily.

**Toxicity to Aquatic Invertebrates:**

XIII. DISPOSAL CONSIDERATIONS

**Disposal of Packaging:** Recycle containers whenever possible.

**Disposal Methods:** Dispose of according to Federal, State, Local, or Provincial regulations. Recycle used oil.

XIV. TRANSPORTATION INFORMATION

**D.O.T.** Not classified as hazardous for transport (DOT, TDG, IMO/IMDG, IATA/ICAO).

XV. REGULATORY INFORMATION

**TSCA Status:** All components of this material are on the US TSCA Inventory or are exempt.

**State Restrictions:** Not applicable

**WHMIS:** Uncontrolled product according to WHMIS classification criteria.

### Safety Data Sheet

**Chemical Name** | **Regulation** | **CAS #** | **% Range**
--- | --- | --- | ---
None. | Minnesota Hazardous Substance List |

**Consumer Product Safety Improvement Act of 2008 General Conformity Certification:**

This product has been evaluated and certified to be labeled and packaged in compliance with the applicable provisions of the Federal Hazardous Substance Act as stated in 16 CFR 1500 and enforced by the Consumer Product Safety Commission, and where applicable the products that require Child Resistant Closures are packaged in accordance with the Poison Prevention Packaging Act as stated in 16 CFR 1700 and enforced by the Consumer Product Safety Commission. All closures have been tested in accordance with the latest protocols. No other testing is required to certify compliance with the above. The date of manufacture is stamped on the product container.
